

Supporting Vocations

God calls each of us to make a difference in our Church and our world.

Choosing a vocation is the first step for such service.

Even after choosing a vocation, a person needs support to live out that vocation.

Compose prayers asking God's support for the vocation to married life and to the priesthood. Think of the challenges each involves.

Parents and Catechists: Discuss how discerning a vocation and then trying to live it out honorably involves a lifetime of effort. Share prayers for vocations frequently with your family.
