

# Fairness

Being fair helps everyone to be safe.

Color the stepping stones having words that describe fairness. They will take you to safety, away from danger. Stay away from the stepping stones with words people sometimes use to explain why they aren't being fair.

A path of stepping stones leading from a starting point to a banner that says "SAFETY". The stones contain various words. The path starts at a boy labeled "START HERE" and ends at a banner held by three children. The words on the stones are: equal, jealous, all, stronger, blame, sharing, unbiased, confused, even, stronger, unsure, uneasy, rejected, open minded, sad, what's right, tolerant, fair, anxious, scared, different, nervous, unhappy, together, caring, taller, welcoming, frightened, respectful, just, foreign, taking turns, and stronger.
